MISSION STATEMENT
The mission of Jordan School District elementary schools is to help children become responsible, contributing members of society through the cooperative efforts of parents, teachers, and students as they work together to foster skills in academics, citizenship and self-worth.

R277-419 Ten-day Membership Rule requires the school to withdraw a student after ten (10) consecutive school days of unexcused absences.

CLASS ASSIGNMENTS
All assignments are important. When assignments are missed as a result of an illness or an excused absence, the teacher will provide an opportunity for a student to make up the work. Generally, the amount of time available to complete make-up work is the same as the number of days the student has been absent.

CODE of CONDUCT
Respect is the key word in Jordan District Schools - respect for self, others, and property. All students are expected to behave in a courteous and pleasant manner. Appropriate behaviors are expected in the classroom, on the playground, on buses, on the way to-and-from school and at all school activities. Disruptions and abusive behaviors that interfere with the learning and safety of other students will not be tolerated. In instances where behaviors violate the school code of conduct, parental help and support will be requested.

Each school has developed a code of conduct. This code outlines the rules that govern student behavior. Frequent or serious violations of this code will be investigated and, if necessary, a parent conference held. Violations may result in suspension from school.

FOOD AND TREATS AT SCHOOL
Please check with the teachers or office concerning classroom treats before bringing or sending any treats to school. The Salt Lake County Health Department has advised us that foods prepared at home for classroom treats are illegal and unwise. If you want to send a class treat, the following foods are acceptable.

1. Commercially prepared, non-hazardous foods such as cookies, cupcakes or candy in sealed packages.
2. Popcorn, fruits and vegetables.

HOME AND HOSPITAL INSTRUCTION
Students who are absent, or expect to be absent, for ten (10) consecutive school days or more because of an illness or injury are eligible for home and hospital instruction from the local school. A request for home and hospital instruction must be made to the principal by the parent with verification from a physician. Instruction (maximum two (2) hours per week) will take place after school hours in the student's home or at the hospital. An adult must be present during the time of instruction.

HOMEWORK
Homework is a valuable part of learning. All students can expect to have some homework to complete in order to fulfill class requirements. The amount will vary according to the age of the student, the subject, the type of task, the amount of study time allowed at school, and the way the child uses the study time provided.

MEDICINE AT SCHOOL
Utah Law (53A-11-601) requires that schools can only administer prescription and non-prescription medications under the following guidelines:

School personnel may administer prescription medication or nonprescription (over-the-counter) medication to a student during the regular school day only when the medication has been
prescribed by the student's licensed health care provider and is allowable for administration by school personnel under Utah State Law. The school principal should receive the following before medication can be administered at the school:

1. A current Medical Authorization Form signed by the student's parent or legal guardian, and,
2. A current Medication Authorization Form completed by the health care provider that includes the following:
   a. A statement that administration of medication by school employees during periods when the student is under the control of the school is medically necessary, and
   b. A statement that describes the route, dosage, time schedule for administration, name of medication, name of student, diagnosis, side effects, and duration of the treatment.
3. All medication that is to be given at school must be furnished by the parent or guardian and delivered to the school by a responsible adult.
4. All prescription medication must be in the original container labeled by the pharmacy with the name of the student, the name of the health care provider, the name of the medication, the dosage, the time the medication is administered, and the route. All the medication on the label must be identical to the information specified on the Medication Authorization Form signed by the health care provider.
5. Nonprescription (over-the-counter) medication must be submitted in the original container and be labeled with the student's name. The name of the medication and dosage indicated on the label must be identical to the name of the medication and dosage specified on the Medication Authorization Form signed by the health care provider.

NON-DISCRIMINATION
It is the policy of Jordan School District not to discriminate on the basis of race, color, national origin, sex, religion, or handicap in any educational program or activity.

PERSONAL PROPERTY
Jordan School District is not responsible for any personal property which is lost, stolen, or vandalized. There is no provision which allows payment for any personal item which is taken from Jordan District Schools.

REPORTING PUPIL PROGRESS
A report of pupil progress will be made three (3) times each year. Progress reporting in the elementary school is based upon each student's capability in relationship to performance. The intent is that the progress report reflects the individual growth of the child rather than making a comparison with the achievements of other members of the class.

TRAVEL AND VACATIONS
A student may be allowed up to a maximum of ten (10) days (with no minimum requirement) for travel/vacation, if prior arrangements have been made with the school for the student to make up his/her homework. However, activities, discussions, simulations and presentations take place every day and cannot be duplicated, even by after-school instruction or make-up work. Therefore, grades may be adversely affected by taking a leave, even though written assignments are turned in as required. This absence, although continued on school records, will be considered “excused.” It is the student’s responsibility to complete the make-up work as assigned per each individual teacher’s disclosure statement or the school’s code of conduct. Students will not qualify for receipt of any awards associated with attendance (e.g., 100% attendance award, etc.).

UNAUTHORIZED DEPARTURE FROM SCHOOL
If students leave the school area without authorization, parents will be notified. When students return to school, they must report to the principal.
June 1, 2017

Dear Parent or Guardian:

Jordan School District’s 2017-18 Fee Schedule and Fee Waiver Guidelines are provided for your information. The fees are established annually by the Jordan School District Board of Education in accordance with the rules and regulations set forth by the Utah State Legislature and the Utah State Board of Education.

School principals have been designated as the administrators of school fees and fee waivers. Consequently, you should direct questions regarding fees or fee waivers to your principal.

Sincerely,

Patrice A. Johnson, Ed.D.
Superintendent of Schools

**FEE WAIVER**

Fees, as identified by the Jordan District Board of Education, will be waived in accordance with the Utah State Board of Education standards for students whose parents or legal guardians verify evidence of inability to pay. Inability to pay is defined as those who are in state custody, foster care, or receiving public assistance in the form of Aid for Dependent Children, Supplemental Security Income, or are eligible according to Income Eligibility Guidelines July 1, 2017 to June 30, 2018; and, that case-by-case determinations are made for those who do not qualify under one of the foregoing standards, but who, because of extenuating circumstances such as, but not limited to, exceptional financial burdens such as loss of substantial reduction of income or extraordinary medical expenses, are not reasonably capable of paying the fee. (The receipt of unemployment compensation and/or reduced price school lunch does not constitute public assistance as defined above.)

State law requires a school district to provide alternatives in lieu of fee waivers (except for textbooks), “to the fullest extend reasonably possible according to individual circumstances of both fee waiver applicant and school,” consistent with local board policies and/or guidelines. Your student will have several options from which to choose in completing the community service requirement. Those options include:

- Community service at the school, such as tutorial assistance to other students, or service outside of regular school hours as a student aide to school staff;
- Community service in community; or
- When special needs require, community service in the home.

Students may not provide community service to their own employers, nor may they fulfill a community service requirement by working for a commercial establishment other than a facility such as a nursing home or hospital where volunteer services are commonly provided.

If a request of a fee waiver is denied, the student or parent may appeal the decision to the Jordan School District Administration. If the administration upholds the decision to deny the fee waiver, the student or parent may appeal to the Jordan School District Board of Education.
SCHOOL FEES NOTICE
FOR FAMILIES OF CHILDREN IN KINDERGARTEN THROUGH SIXTH GRADES

(IF YOU NEED HELP IN UNDERSTANDING THIS LETTER, CALL _____________)

The Utah Constitution prohibits the charging of fees in elementary schools. That means that if your child is in kindergarten through grade six (unless your child is in grade six and attends a school that includes one or more 7-12 grades), you cannot be charged for textbooks, classroom equipment or supplies, musical instruments, field trips, assemblies, snacks (other than food provided through the School Lunch Program), or for anything else that takes place or is used during the regular school day.

If you wish to purchase school pictures, yearbooks, or similar items through the school, those costs are not fees and will not be waived. Also, if your student loses or damages school property, the costs of replacement or repair are not fees and need not be waived.

Federal law permits schools to charge for food or milk provided as part of the School Lunch Program. If you cannot afford to pay, you may be eligible for free or reduced price meals or milk. Your school will give you information about applying for free or reduced price meals and milk. All information which you provide in your application will be kept confidential.

State law and State Board of Education rules do not permit schools to charge fees for anything that takes place during the regular school day unless your child is in grade six and attends a school that includes one or more 7-12 grades! Fees may only be charged for programs offered before or after school, or during school vacations. If your child is eligible based on income verification or receives SSI payments (QUALIFIED CHILD WITH DISABILITIES), or if you are receiving TANF (currently qualified for financial assistance or food stamps) or if the child was placed in your home by the government as a foster child, the school must waive the fees. If you are having a financial emergency caused by job loss, major illness, or other substantial loss of income beyond your control, you might be eligible for a waiver even if other eligibility criteria are not met. If your local school board/charter school allows your school to charge fees, a Fee Waiver Application (Grades K-6) is enclosed. Your school will give you additional information about fee waivers if you ask.

School funds are limited, and your school may need help. As a result, the school may ask you for tax-deductible donations of school supplies, equipment, or money, but the school cannot require donations or tell anyone else the names of those who have or have not made donations (except that the school may honor those who make major donations). No child may be penalized for not making a donation. For example, if donations are used to pay for a field trip, every child must be allowed to go on the trip even though some may not have made a donation.

State law requires schools or school districts to require DOCUMENTATION of fee waiver eligibility if parent must “apply for fee waivers.” Local/charter boards will have policies and/or guidelines for determining eligibility for fee waivers.

School district/school administrators shall request documentation of fee waiver eligibility from those who apply for fee waivers if fees or charges are required for non-regular school day activities, such as after-school music or foreign language programs or Friday ski programs.

Fee waiver eligibility documentation is NOT required annually. Also, documentation shall NOT be maintained for privacy reasons. Schools may transfer fee waiver eligibility information to other schools to which students advance or transfer.

NOTE: If your district/school does not require parents in the entire district area or parents and students in specific schools or sections of the district to “apply for fee waivers,” district administrators NEED NOT require verification of eligibility under this section.

Fees can only be charged for programs which take place before or after school or during school vacations (or for things used in those programs). But all of those fees must be waived for eligible children. Fees may be charged to students in sixth grade only if the student attends a school that includes one or more 7-12 grades.

All information on this application will be kept confidential.

Dear Parent or Guardian,

Rarely, if ever, are schools closed because of emergencies. Jordan School District’s policy is to maintain regular hours every school day, including days during bad weather and/or most other emergency situations. Previous studies have shown that students are generally safest at school; however, it is important that preparations be in place if an extreme emergency such as an earthquake or fire should make it necessary to evacuate the school.

As part of emergency preparedness for all Jordan District schools, we are requesting the help of parents and guardians to communicate the following plans with your child(ren):

1. If it becomes impossible for your child to stay at the school or to go home, please discuss a location within walking distance of the school building where you would like your child to go. Select a friend or acquaintance who could speedily shelter your child during an extreme emergency.
2. Communicate these decisions with your child(ren), and the designated friend or acquaintance.

While a major disaster is not anticipated, maintaining the safety of school children is more assured if an emergency plan is in place. Thank you for your help in keeping students safe.

Sincerely,
Jordan School District Administration

Enrollment Guidelines

Charter Schools 53A-1a-Part 5-506.5
Charter Schools are public schools. A student who is enrolled in a charter school, including online public charter schools such as Utah Connections Academy or Utah Virtual Academy, K-12 online, may not dual enroll in the boundary school. The exception is for students in grades 9-12, who may register for 6 credits online through the Statewide Online Education Program through their counselor. Statewide Online Education Program Utah Code 53A-15-Part 12-1204. A student enrolled in Program course(s) may earn no more credits in a year than the number of credits a student may earn by taking a full course load during the regular school day in the student’s primary school of enrollment. State Board Rule R277-726-4. Eligible Student/Parent Rights and Responsibilities.

By June 30: A parent may withdraw the student from the charter school for enrollment in the student’s school of residence in the following school year if an application of admission is submitted to the school district of residency by June 30.

After June 30: A parent may submit an application of admission to the school district for the following school year; however, after June 30, the district can assign the student to a school in the district that has adequate capacity.

For further enrollment information, please reference the Planning and Student Services Manual at http://planning.jordandistrict.org/.

Attendance/Punctuality

An integral component supporting a student’s consistent academic and life skills success is regular daily school attendance. Utah State law requires parents to have their student(s) attend school on a regular basis. Utah law also requires schools to monitor a student’s attendance and communicate with the parent when a non-attendance pattern develops. The Jordan School District requests that parents communicate with the school regarding their student’s attendance issues. Parents are also encouraged to notify the school when a student will be absent from school. Students should not be allowed to stay home from school unless that student is ill. There may be circumstances where the school may request medical documentation to excuse an absence.

The beginning of the school day establishes the learning climate; thus, parents are encouraged to have their student(s) arrive at school on time. The cooperative efforts of the school and parent will support the child’s regular school attendance.
Notification #1

Compulsory Education Information Letter
(Registration Packet - Required)

Dear Parent/Guardian;

(Insert school name) and the Jordan School District are committed to providing a quality educational experience for your child. One of the consequences of absence from the classroom is reduced academic performance. The Jordan School District requires that all students achieve mastery in the basic skills identified for reading, language arts and mathematics. Absence from school interferes with the student’s opportunity to master these skills. Thus, there is concern when a student misses school for any reason.

According to the Utah Compulsory Education Law (53A-11-Part 1-101.5) every school age child from 6 to 18 years of age must be enrolled and attending an educational program. The law indicates parents are responsible for their student’s school enrollment and regular attendance. It is a Class B misdemeanor if a parent/guardian fails to have their school-age child enrolled and attending school, fails to meet with the school to discuss attendance issues and fails to cooperate with the school or district in securing regular attendance by the school-age child. Students at least 12 years old are subject to juvenile court jurisdiction if they are not enrolled in and attending school on a regular basis. The Jordan School District will comply with its obligation under the Compulsory Education law to monitor student attendance and communicate with parents if a student’s attendance pattern is not in compliance with Utah State law.

Occasionally, a student must be absent from school for reasons which the law recognizes as valid. Please notify the school every time your student is absent. Explain the reason for your student’s absence. Whenever possible, appointments with health care providers should be scheduled before or after school hours. During school hours, the student will be excused only for travel time and the appointment unless otherwise indicated by the medical provider. The school may require written documentation for excessive absences. A chronic tardy pattern may also hinder your student’s academic and attendance success.

The Jordan School District is directed by Utah State Code to refer the parent/guardian or student to court for a Compulsory Education and/or Habitual Truancy violation if attendance does not improve. Your cooperation will be a positive influence in your student’s school success. We look forward to a collaborative effort in support of your child’s educational needs.

Thank you for your cooperation.

This letter constitutes Administrative Notification # 1
(Registration Packet)
The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes is inaccurate or misleading.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s educational records, except to the extent that FERPA authorizes disclosure without consent. Exceptions which permit disclosure without consent include:

a. Disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

b. If a student poses an articulable and significant threat to the health or safety of the student or other individuals, the educational agency may disclose to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

Upon request, the School and/or District may disclose education records without consent to requesting school districts, officials of another school system or institution of postsecondary education where the student seeks or intends to enroll. Local, state and federal agencies may redisclose personally identifiable information in accordance with the same requirements, and must make available to Jordan School District a record of any further disclosures.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office, U.S. Department of Education
400 Maryland Avenue, SW, Washington, DC 20202-4605

DIRECTORY INFORMATION NOTICE

The Family Education Rights and Privacy Act (FERPA) requires that Jordan School District, with certain exceptions, obtain your written consent prior to disclosure of personally identifiable information from your child’s records. However, Jordan School District may disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. Directory information means information contained in an education record of a student, which would not generally be considered harmful, or an invasion of privacy if disclosed.

Directory information may be used to publish school directories, yearbooks, team rosters, honor roll lists, graduation lists, and other school purposes, which would not normally be considered an invasion of student privacy. Directory information may also be disclosed to outside agencies. Outside organizations may include, but are not limited to, companies that manufacture class rings, publish yearbooks or take school pictures. In addition, two federal laws require local educational agencies receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings of high school juniors and seniors – unless parents have advised the local school that they do not want their student’s information disclosed without their prior written consent.

Jordan School district has designated the following information as “directory information:” student’s name, address, telephone listing, grade, date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, photograph, dates of attendance, honors and awards, date of graduation, school awarding graduation credential, title of credential, and most recent school attended.

If you do not want your child’s local school or Jordan School District to disclose directory information from your child’s education records without your prior written consent, you must notify your local school principal in writing within fourteen (14) days after the beginning of the school year.

If you do not want your child’s local school or Jordan School District to provide directory information from your child’s education records to military recruiters without your prior written consent, you must notify your local school principal in writing within fourteen (14) days after the beginning of the school year.
